# Our extraordinary colleges

Our collegiate system makes Durham exceptional. Here, every student is a proud member of a college, and every college has its own character, spirit and traditions. Each is an inspiring and supportive community.

## College life

The colleges are the heart of our extraordinary wider student experience. In fact, we offer University accommodation to all first-year undergraduates who meet the criteria to secure a room, because colleges are where Durham's outstanding student experience begins.

You will feel at home from the moment you step through the door. Colleges are like extended families: safe, supportive, and inclusive. In your college, you'll be surrounded by friendly faces and you'll have the chance to get to know all sorts of extraordinary people.

## What is college accommodation like?

The rooms and bathrooms will differ depending on the college, but all of our bedrooms are equipped with:

- A bed, desk, chair, wardrobe and drawers
- WiFi access with the ability to create a local wireless network for your devices
- Full catering, part-catering or self-catering facilities like a shared pantry or kitchen
- En-suite or shared bathroom facilities.

## The college experience

In your college, you can take part in sport, music, theatre or volunteering. You can join clubs and societies, enjoy social events and dinners, and make friends for life. Your college will be your home from home, the centre of your life at Durham and a constant source of opportunities, challenges and lasting memories.

## Every college provides:

- A character and spirit all of its own
- Sports, clubs, societies and associations
- Events and activities
- Student Common Rooms
- Staff and support close at hand if you need it
- Accommodation within Durham City, either catered or self-catered

- Colleges offer facilities such as shops, cafés, bars, libraries, social and study areas, music and performance spaces, laundrettes, gyms and outdoor sports areas depending on college.

## Discover new ideas

A Durham education doesn't stop with your degree subject. There are opportunities across the University to engage with ideas and learn from others. For example, in your college you might discuss the most pressing global issues with inspiring visiting speakers; you might go along to a dissertation 'open mic' night where your fellow students share their research; or you might edit a student scholarly journal.

The University's award-winning museums offer awe-inspiring exhibitions, ranging from Ancient Egypt through medieval Durham to modern art; and its departments and research institutes host public lectures on cutting-edge research.

Colleges are close-knit and supportive communities, with plenty of great events to attend and societies to be a part of!

### Student leadership

Every college has a representative body with membership open to all undergraduate students – this is usually called the Junior Common Room. As a member, you can take part in elected student leadership, organise student-led events and engage in local, regional and global issues.

### An inspiring place to live and learn

In your college, you'll be surrounded by all sorts of different people, studying a wide range of subjects. So you'll meet people who share your interests, and others who'll inspire you to develop new ones.

Each college includes students from all levels of study, from newly arrived undergraduates to Master's and PhD students. They're strong, supportive, multi-generational communities.

There are 17 colleges in total, including Ustinov, our postgraduate only college. Each offers a wide range of facilities for your University life.

No two colleges are the same – their architecture and settings are as distinct as their histories and traditions. One thing every college has in common, however, is its commitment to offering support, challenge, participation, teamwork, and leadership opportunities. All of our colleges embrace the UN's 17 Sustainable Development Goals.

Your college has its own Student Support Office, acting as a point of contact for any welfare and pastoral support you might need during your time here.

A grant of £250 – funded jointly by the University and an alumni donation – is paid automatically to lower-income students from the North-East of England, and to lower-income students

from the rest of the UK with disabilities or from Black or minority ethnic backgrounds, or who are care leavers, to support with the costs of the wider student experience.

### A lifelong connection

College membership doesn't end at graduation. Our students often tell us that their college experience was one of the most important parts of their time at Durham. Friendships made at college often last a lifetime. Many of our alumni return to share their skills and experience long after they have left. Colleges frequently arrange for current students to benefit from the support of alumni through things like careers advice, scholarships, mentoring and internships.

## College locations

Our colleges are located throughout Durham City, close to the main Mountjoy site, the River Wear and the city centre. We sometimes refer to certain colleges as 'Hill colleges', a group of colleges just to the south of Durham City and 5-10 minutes walk from the main Mountjoy site, the Bill Bryson Library and the Teaching and Learning Centre. The Hill colleges are around a 15-30 minute walk to the city centre.

Or we have our 'Bailey colleges', which are located in the historic city centre of Durham, around the River Wear peninsula called the Bailey. Bailey colleges are close to the Elvet Riverside lecture theatres, Students' Union, Palace Green and Durham Cathedral. The main Mountjoy site is a 10-15 minute walk away.

Durham is a relatively small and compact city. Each college is within walking distance of the city centre, academic departments, research institutes and University facilities.
